# OUR SCHOOL

Education is the cornerstone of all we are or hope to be. A true understanding and a deep appreciation of ideas, experiences and knowledge from the past--provides us with a broader base for the development of a well-rounded character.

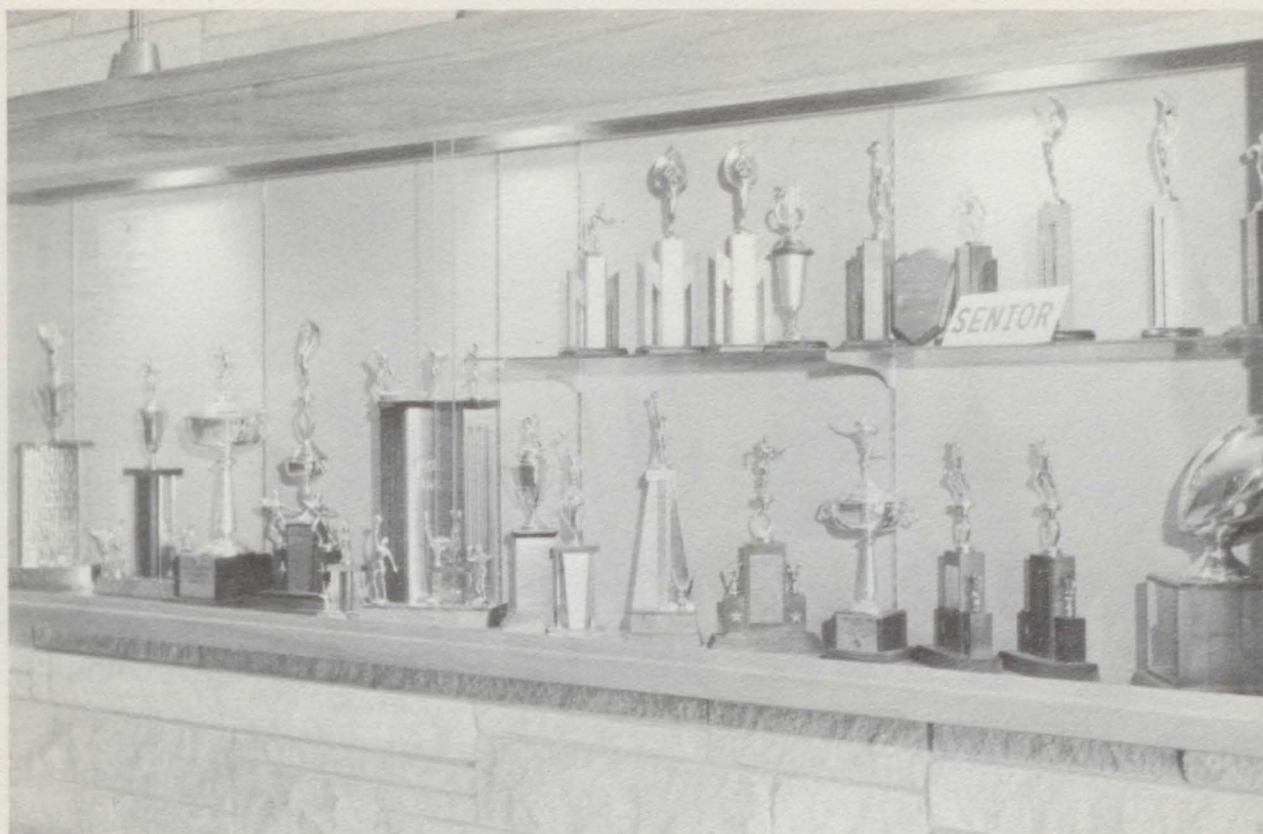

The Heritage staff has tried in this book to present a true picture of all the ways Our School carries out these functions of education. The social, cultural, and spiritual opportunities available to us are for our own improvement.

Confucius once said:

Every piece of marble has a statue in it waiting to be released by a man of sufficient skill to chip away the unnecessary parts. Just as the sculptor is to the marble, so is education to the soul. We release it. For only educated men are free men. You cannot create a statue by smashing the marble with a hammer, and you cannot by force of arms release the spirit or the soul of man.

# Our Most Revered Principal

Reverend Joseph Blinstrub

You Father, although you have been with us for only two years, you have instilled in the minds of the students of Port Huron Catholic the willingness to work together and the true meaning of authority as well as a deeper meaning in our Faith. Through the Masses you say every day and confessions daily after school you have given to us a greater love for the Holy Eucharist and the Sacrament of Penance.

For the Senior class of nineteen hundred and sixty seven, these four years have been ones of great joy and gratitude, and it is our parting wish that we live up to the ideals that you have set forth and be better members of the Mystical Body of Christ.

# In Appreciation

To you Sister Willard, the student body owes a special debt of gratitude. You have brought many changes to our wonderful school in the short time you have been with us. Anyone who meets you in the hall is always greeted with that warm smile of yours. In dealing with students you are fair-minded and straightforward but equally important is your great sense of humor. Not only have you worked to bring us closer to God but also to bring us closer together with the faculty and each other.

Sister Mary Willard, O.P.

## On The Scene

Mrs. Jeanne McDonald, our guidance counselor at PHC this year, received her B.S. degree from Northwestern University in Evanston, Illinois.

We all remember Mrs. McDonald from last year when she was a member of the Math Department. Now, if you can't decide what college you want to attend, how many credits you need for a certain school, or if you just have trouble deciding what classes to take next year, she will be very glad to help and guide you in your decisions. Mrs. McDonald's office is usually open for our convenience and we can stop in whenever we have any free time.

We thank Mrs. McDonald for guiding us this year and we hope to see her return next year as the helpful and jolly Mrs. McDonald we knew through these past two semesters as a counselor.

Juney Clor and Mary Elliot look through the many college catalogues in the guidance office.

# Guidance...

Throughout the six years that Port Huron Catholic High has been in existence our Guidance Department has never reached the peak that it is in the school year 1966-67. Both Father Dougherty, counselor to sophomores and seniors, and Mr. MacDonald, advisor to freshmen and juniors, have surpassed all expectations. Each gives counseling concerning school problems regarding grades, teacher-pupil relationships, and personality difficulties. The counselors also give aid in social problems, job placement, and in aptitude testing. College selection is another phase of their total program for students. A complete file of colleges in the country, as well as their requirements is available in this department. The counselors also undertake the administration and supervision of standard tests in this area.

If you want someone to analyze your handwriting or if you want to take an "interest test," the person to look for is Father Daugherty. These are just two of the many talents he is "famous" for.

Father is the new head of our guidance department at PHC. He came to us from Adrian, Michigan and received his B.A. degree from Sacred Heart Seminary and his M.A. from University of Detroit.

In his capacity as counselor he serves students individually as well as directing the group guidance that is carried on in homeroom period.

Juney Clor and Mrs. MacDonald collaborate on what classes Juney should take in college.

One of our staunchest Warriors is Mrs. Carroll who is at her office desk every day to carry out the million and one jobs that need to be done. We owe Mrs. Carroll a special debt of gratitude for making the many sacrifices that she has in order that the school may run smoothly and efficiently. Her responsibilities are so vital that without her, Father Blinstrub, Sister Willard, and indeed the school, would suffer a tremendous loss. And yet she is one that we seldom thank. Our school takes this time to say, "Thank you Mrs. Carroll".

## Staff

Mr. Dionne, our accountant, probably has little contact with most of the students of our school. But to the faculty and the financial well being of Port Huron Catholic he plays a very important role. This simply demonstrates the unknown but the necessary facets, needs, and demands that a school, such as ours, makes on people of differing abilities.

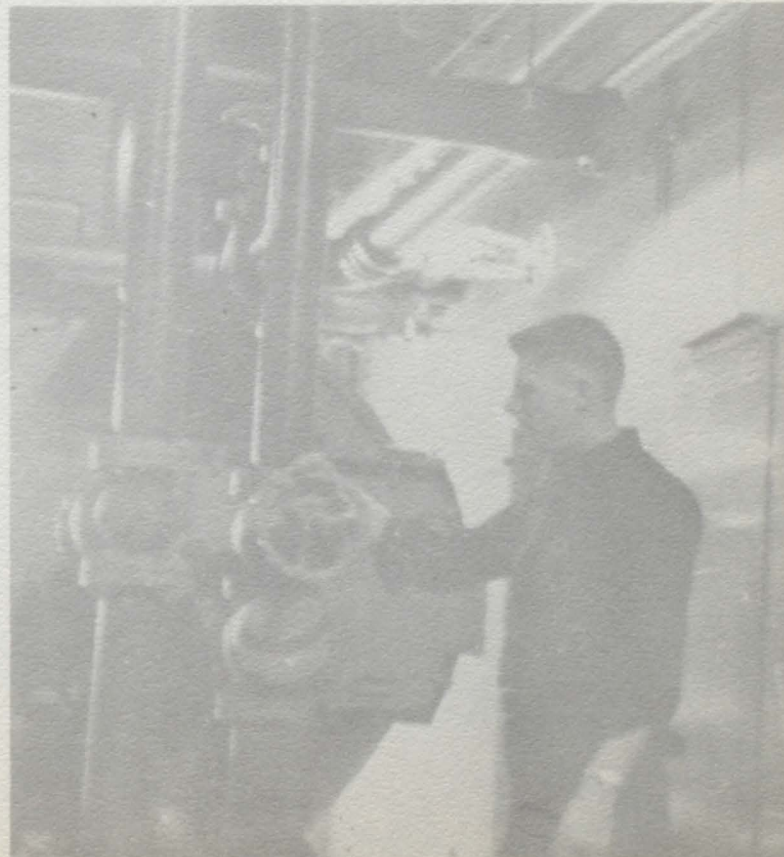

## The Kitchen

Once a day Mr. Fred Pippin with his assistants Mrs. Marie O'Donnell and Mrs. Marilyn Edwards provide a tasty hot lunch to enable us to carry on during the afternoon.

## Maintenance

Maintenance is essential. Without cleanliness and order the school could not function. Harold May and Walt Smith take charge in this area. They are always ready with an extra table, a screwdriver or soap--whatever is needed.

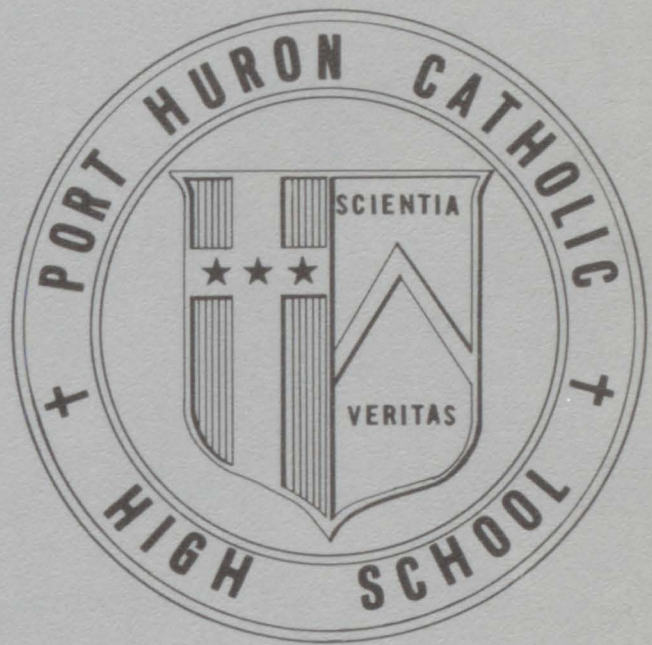

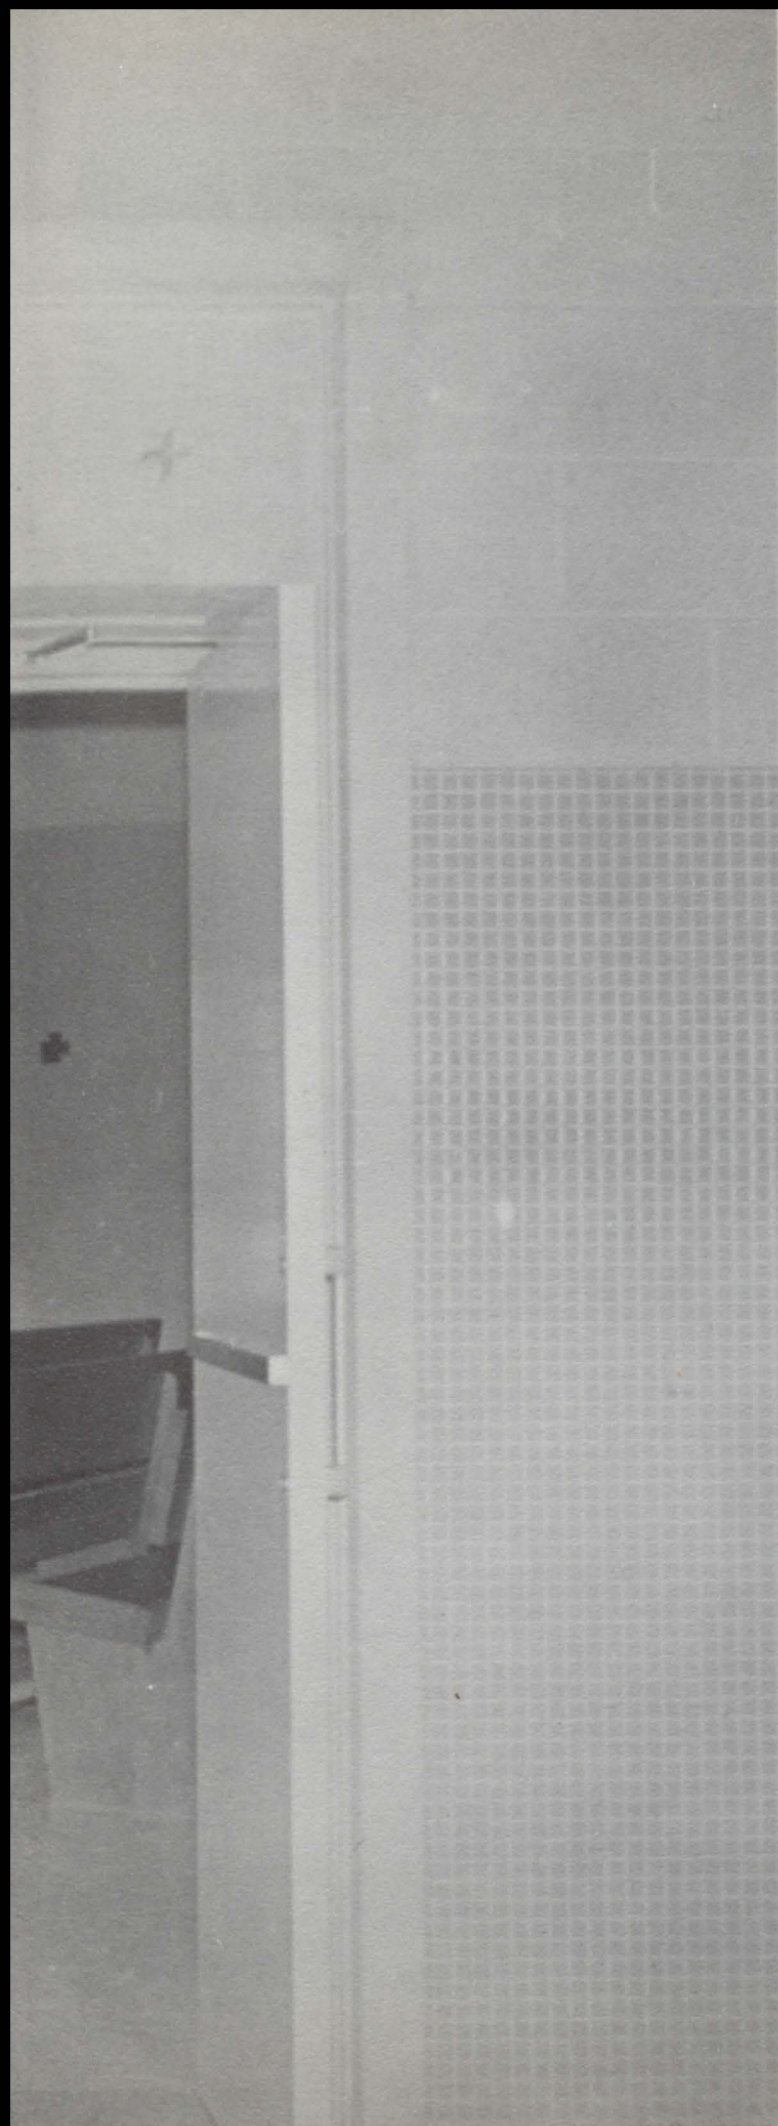

+ CHAPEL

**Our School**

**Spiritual**

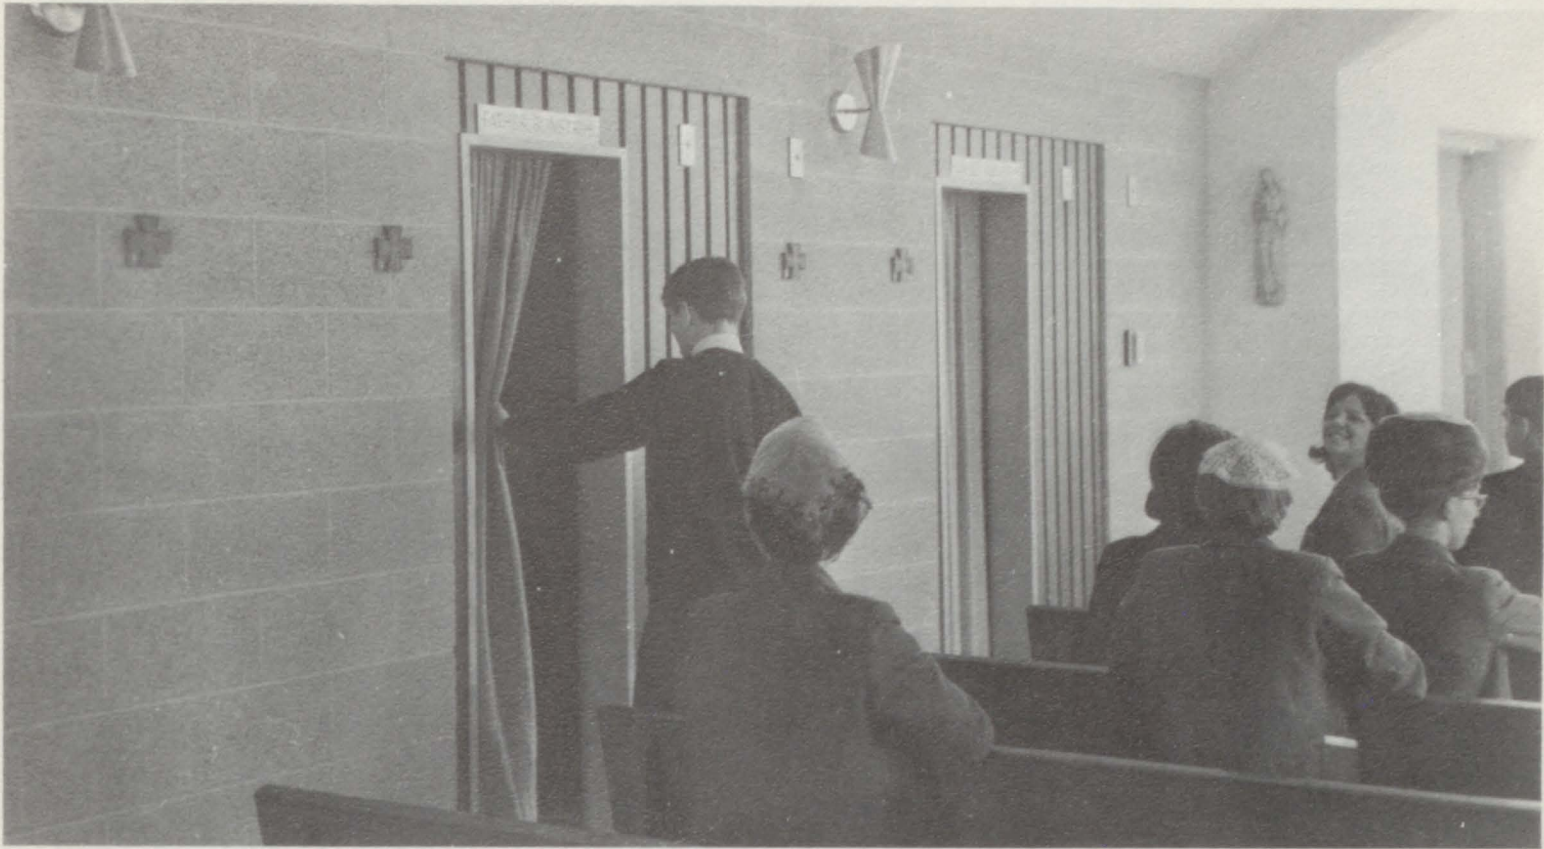

# Daily Mass and Confession

The Holy Sacrifice of the Mass is offered daily by Father Blinstrub for the benefit of the faculty and student body in our Chapel. By hearing confessions daily Father Blinstrub and Father Dougherty give the students a chance to satisfy their spiritual needs with the graces that Penance gives.

Many students take advantage of being able to go to confession after school.

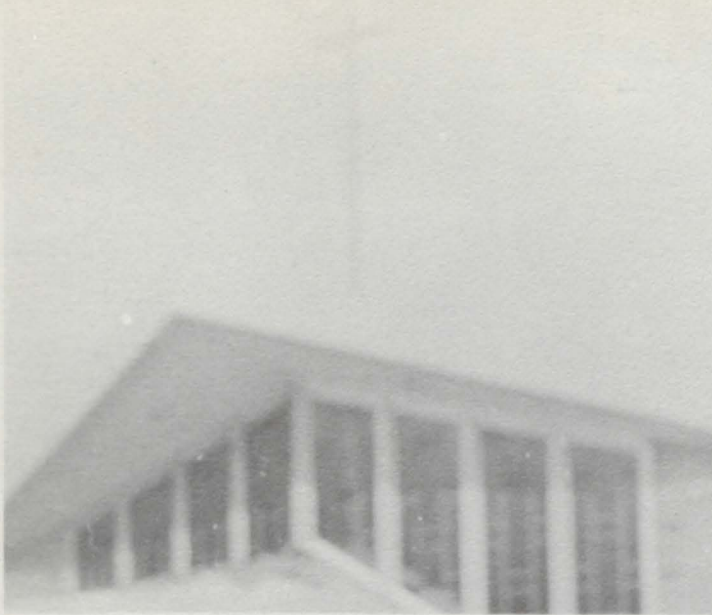

The students of P.H.C. always seem to find some time during their busy schedules to stop in the Chapel for a short prayer.

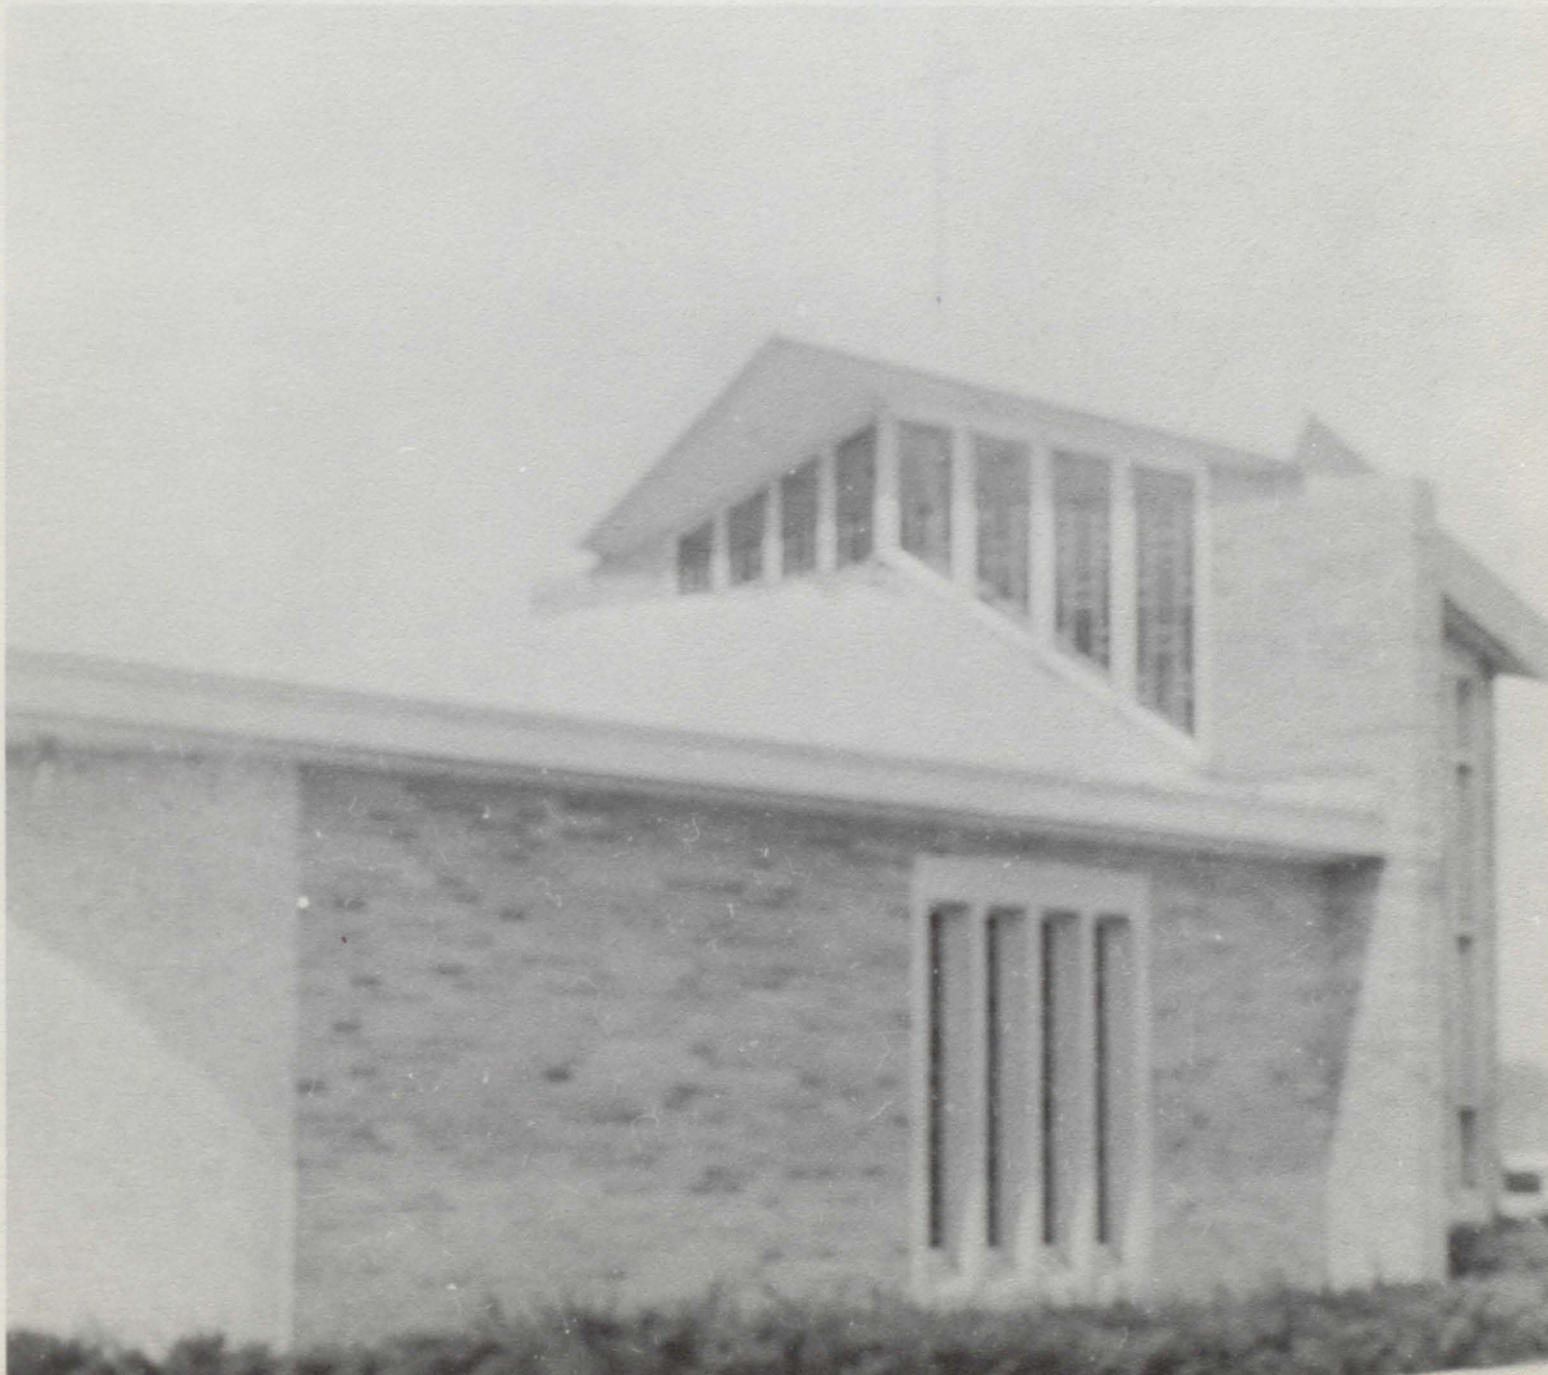

During Lent students find it rather helpful in realizing the purpose of his own suffering by meditating on the passion and death of Our Lord.

## A Symbol

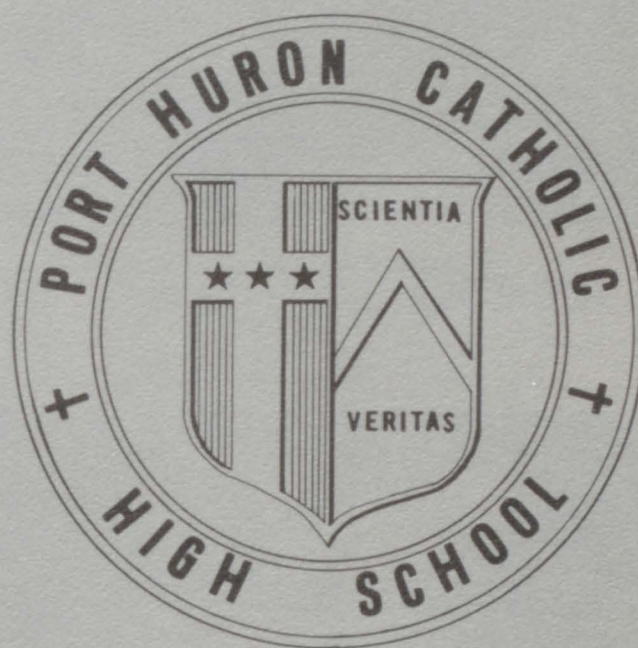

Situated on the northeast wing of our school is our Chapel, which, with its stain glass windows and silver cross high overhead, characterize our school in the community. Here not only do we learn how to serve our fellow man but how to serve God.

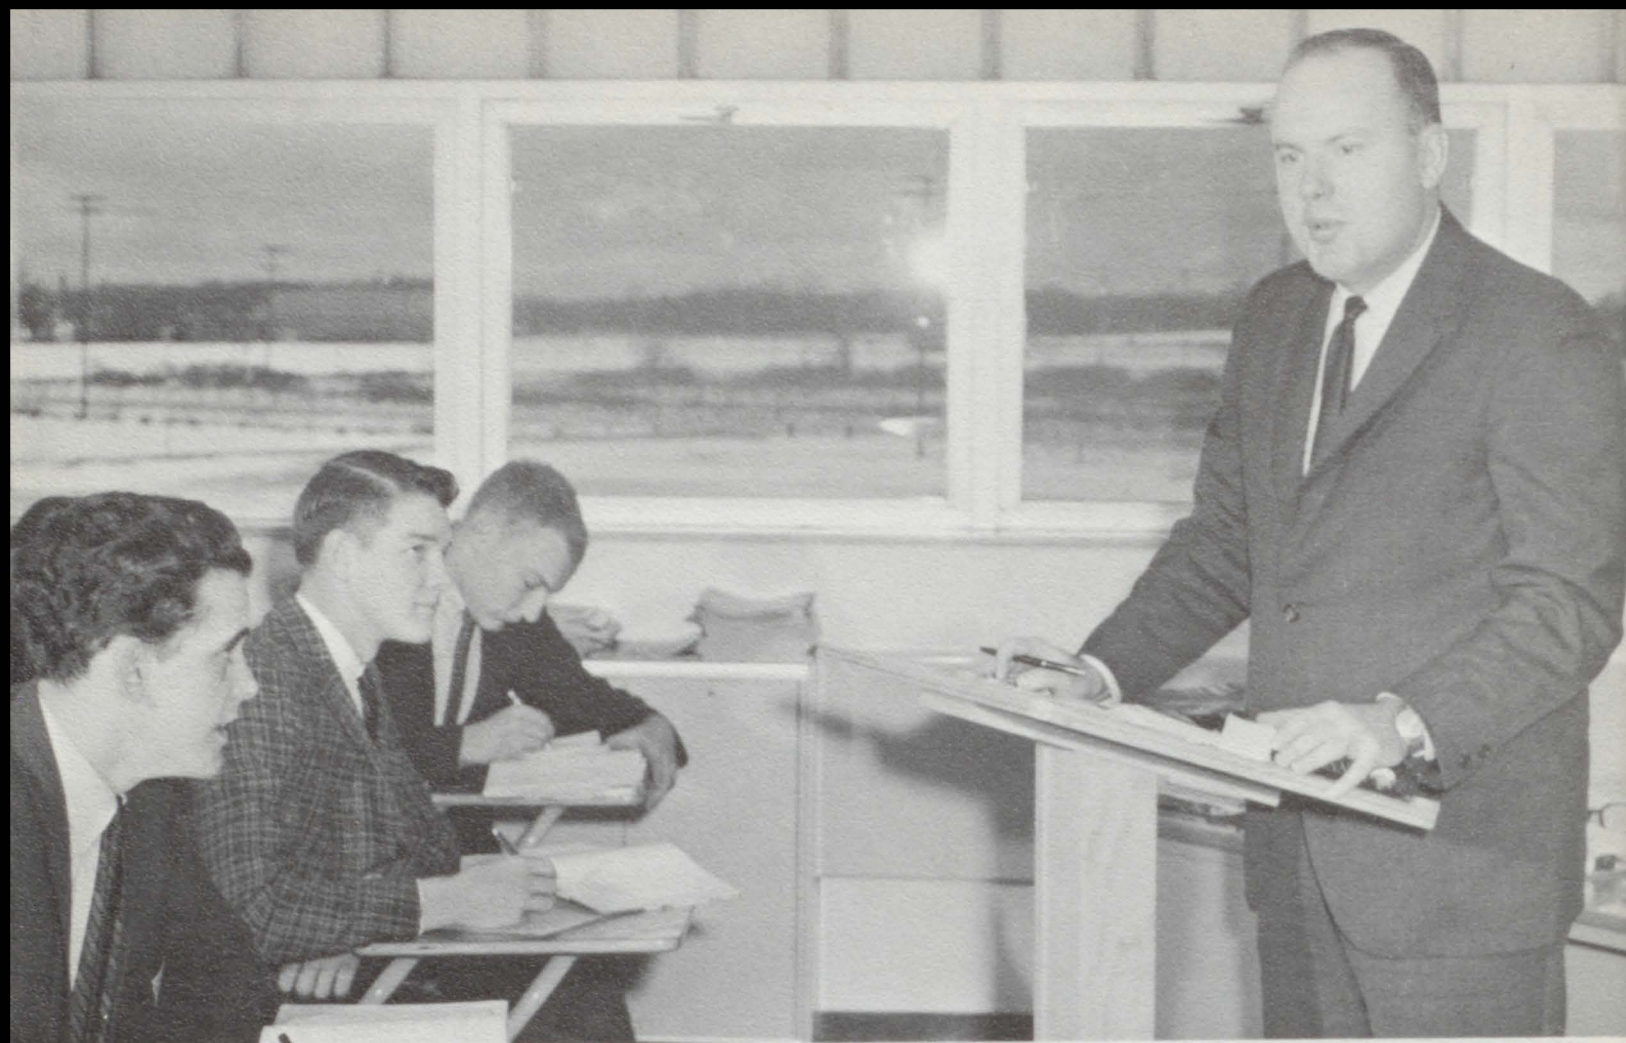

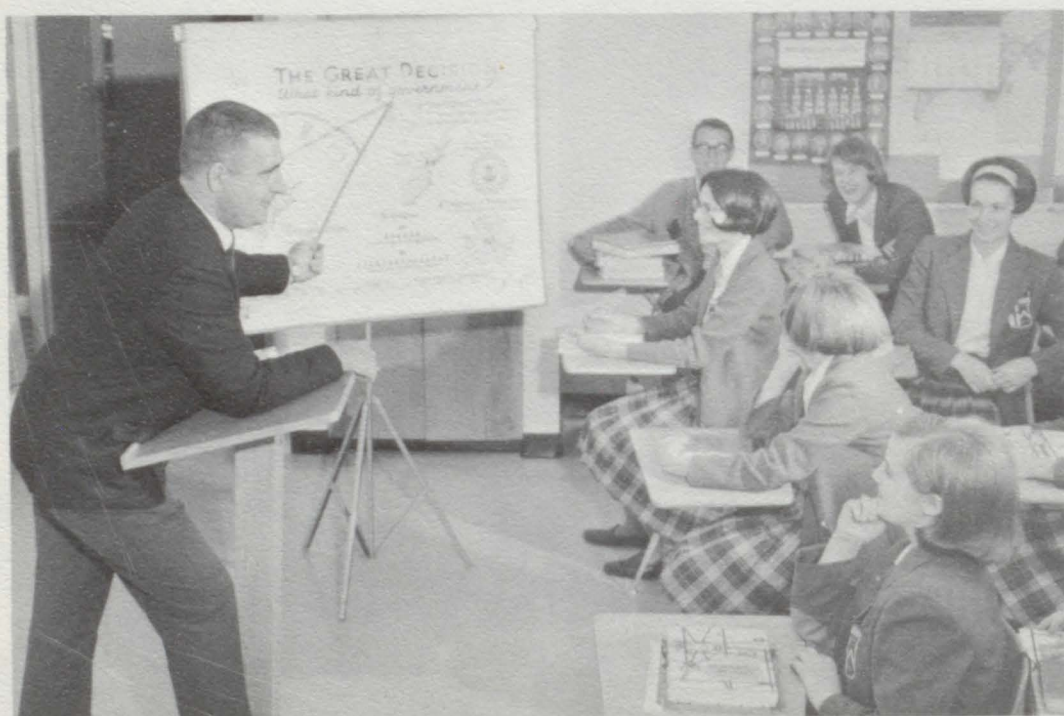

**Our School**

**Academics**

"You'll be a better person by doing this," says Mr. Wismer to his 12th grade boy's government class.

Mr. Armstrong explains the functions of the Constitution to his government class.

Sr. Leo Threase points out to her Freshman boys the land involved in the French Revolution.

# From Studying the Past We Learn to Make Our Future

Learning to understand the past is our pathway to future events. To develop and increase our understanding of today's world is the aim and primary concern of all faculty members in an effort to make a good citizen of each student.

Mr. Mitchell explains feudalism to his World History Class.

# The Lighter Side Of Our American History?

"Just wait until after this picture is taken," snears Mr. Anthus to Raymond (Killer) Foley.

# The English Language

The English Department is headed by Sister Anthonita, IHM. From freshmen through senior year, Port Huron Catholic offers a variety of English courses to meet the needs of all the students. In addition to Basic English, Business English, and Literature courses, a new program, Developmental English, is offered to freshmen.

Seniors listen attentively to Sr. Anthonita.

Sr. James Agnes, I.H.M., uses the record player in her Junior English Lit. class to make things as pleasant as possible.

# Reading Is the Key To Understanding

Mrs. Winkel helps the freshmen relate Dickens characters to their own life.

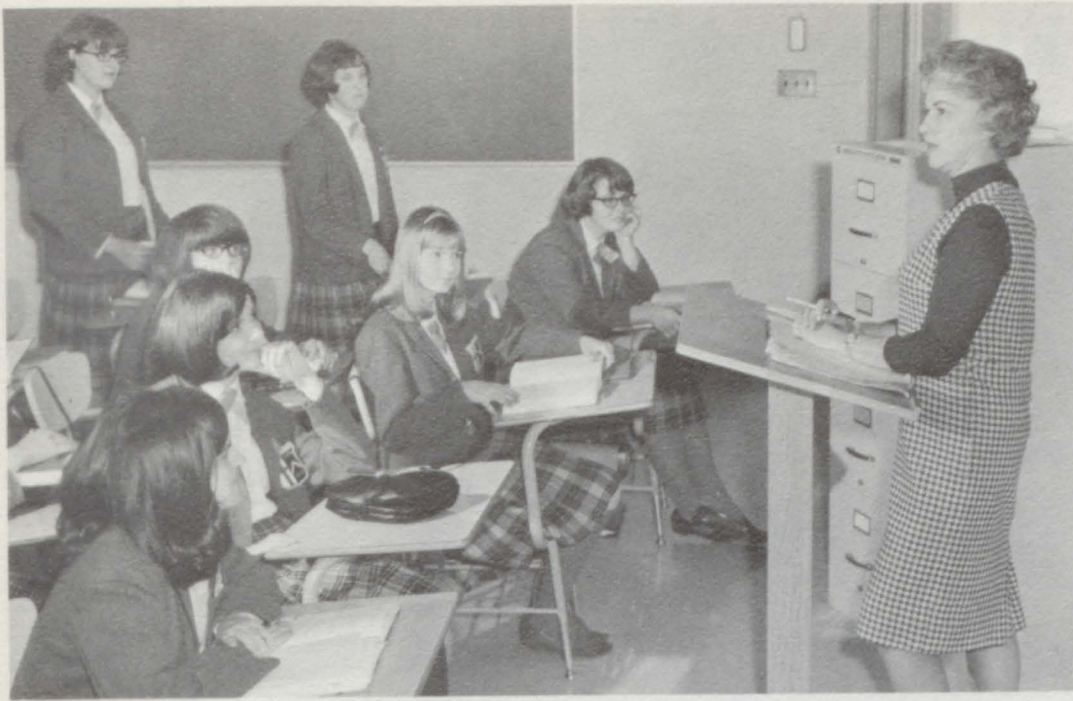

From the beginning of time man has felt it necessary to write down his experiences to share with future generations. It is our privilege in the twentieth century to enjoy the experiences and emotions others have experienced and yet there is still room for us to record our own adventures and inner feelings.

These ideas can be expressed beautifully in both poetry and prose. It is the aim of the English Department to show us these beauties.

Sister Caelen leads another interesting discussion with her Junior girls.

Mrs. McCarthy leads her sophomore class in lively discussion.

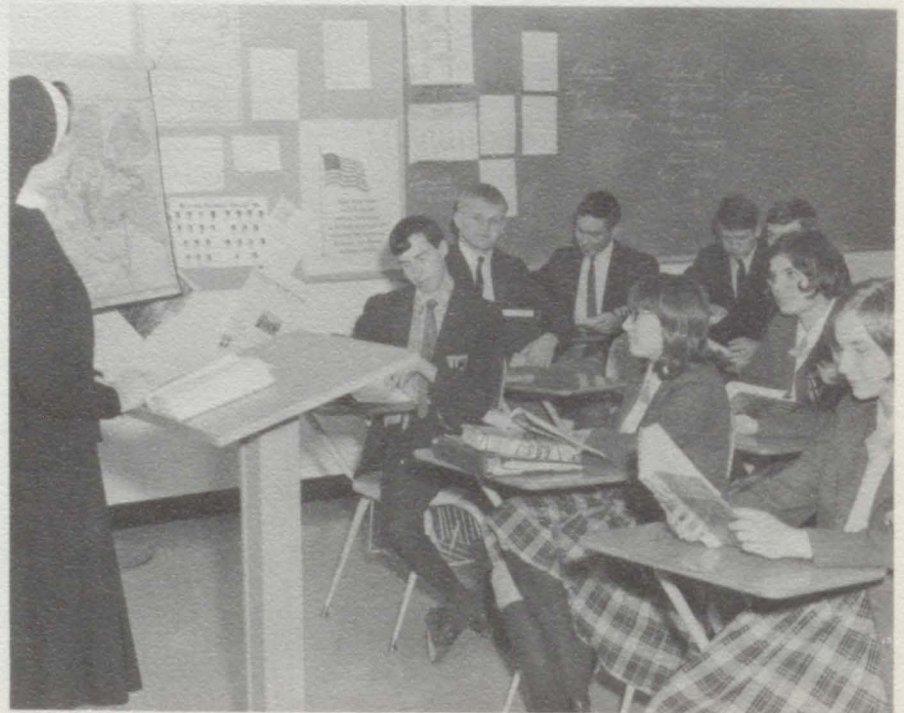

Craig readers, Rateometers, Tachistascopes are strange to many upperclassmen, but are very familiar to Mrs. Ward's classes in Developmental English.

# Language Elucidates Man's Culture and

Professor Shaw, a new member to our faculty this year, is a graduate of the University of Western Ontario, he received his teacher's degree from Eastern Michigan University, Ypsilanti and did post-graduate work at the University of Michigan, Ann Arbor. In addition to teaching Latin, professor proctors the study halls.

Sister Marie Mark instructs her fourth year students in the proper way to recite Latin prose.

# Expression

Human speech plays a vital role in friendship in the complex world of today. Friendship is mutual regard. To achieve this a language must be influential. Understanding others means communication. French and Latin lead to Broader Horizons.

Sister Joseph Raphael observes her French students as they study their lessons by means of earphones and records.

# Religion is the Center of Our Scholastic Sphere

Religion is the vocal point in our education here at Port Huron Catholic. By taking Religion we seem to gain a deeper appreciation of the faith we believe in.

Fr. Petit pauses a moment to listen to a question being asked by one of his Junior boys.

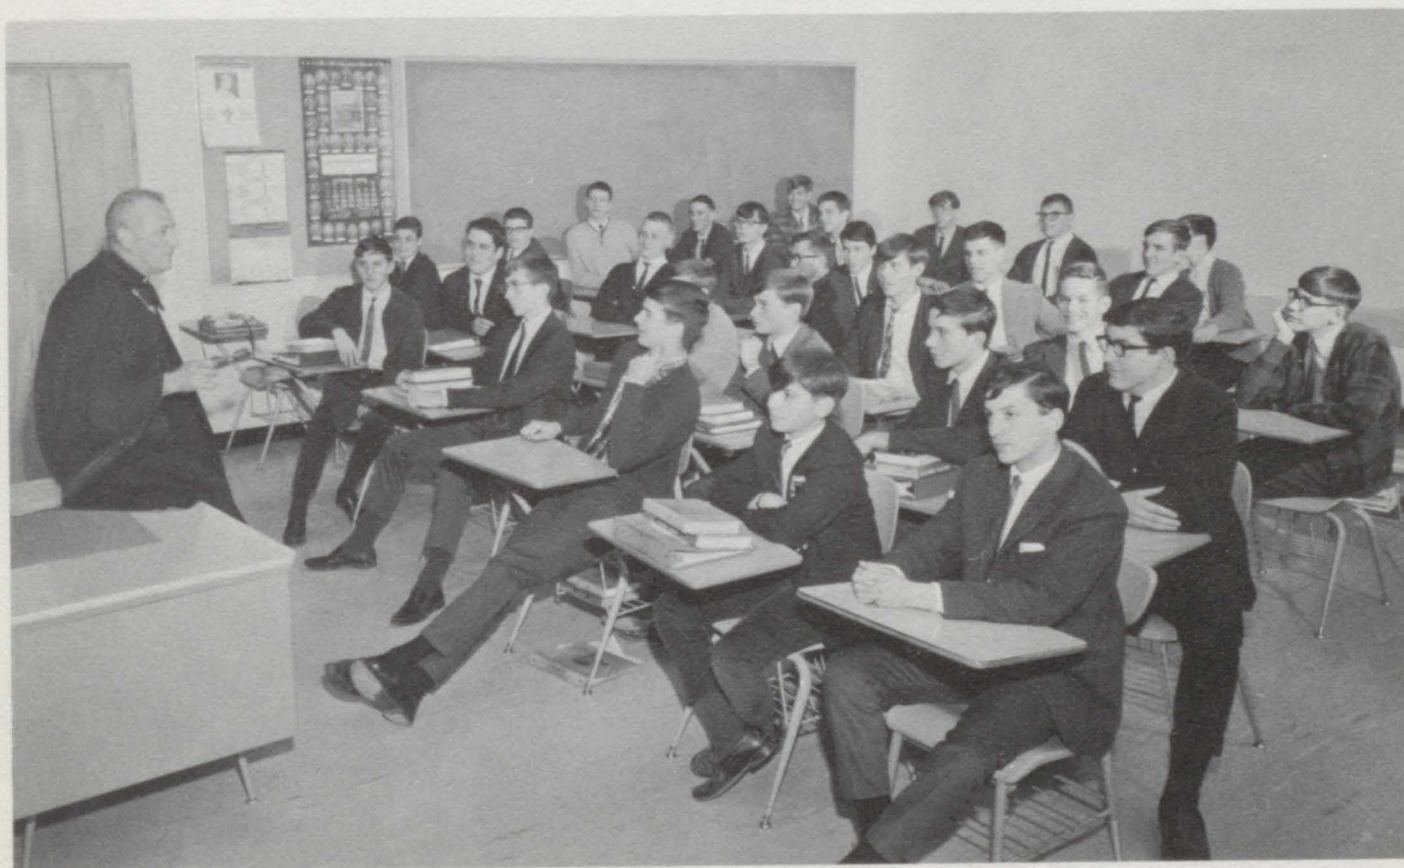

Fr. Vaughn injects a lighter side to religion.

Sr. Charletta explains the drawings on the board to her Freshman girls Religion class.

These Sophomore boys listen attentively to Fr. Koenig.

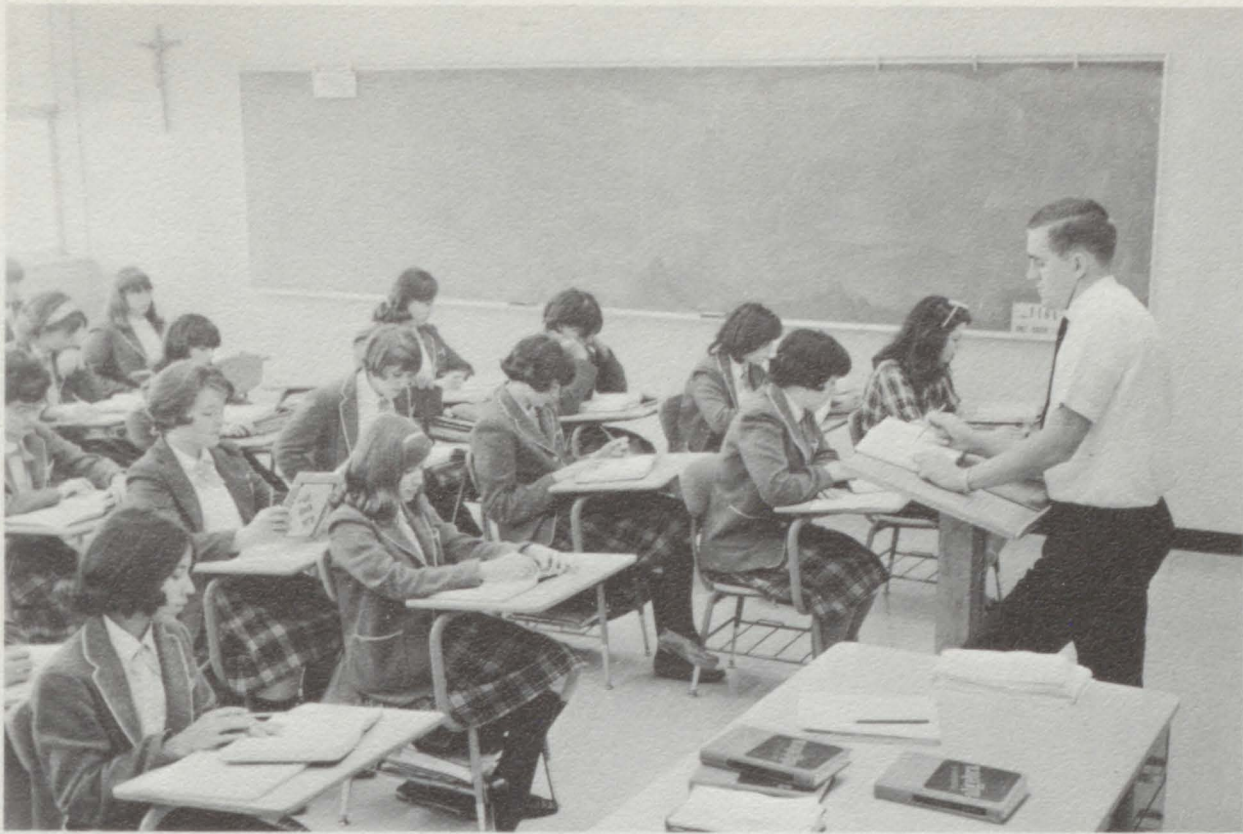

## Mathematics

Sister Alicia, RSM heads the Math Department which offers to students all phases of the subject from Basic Math through trigonometry and calculus.

Sr. Clement guides freshmen math students while they strive for the correct answers.

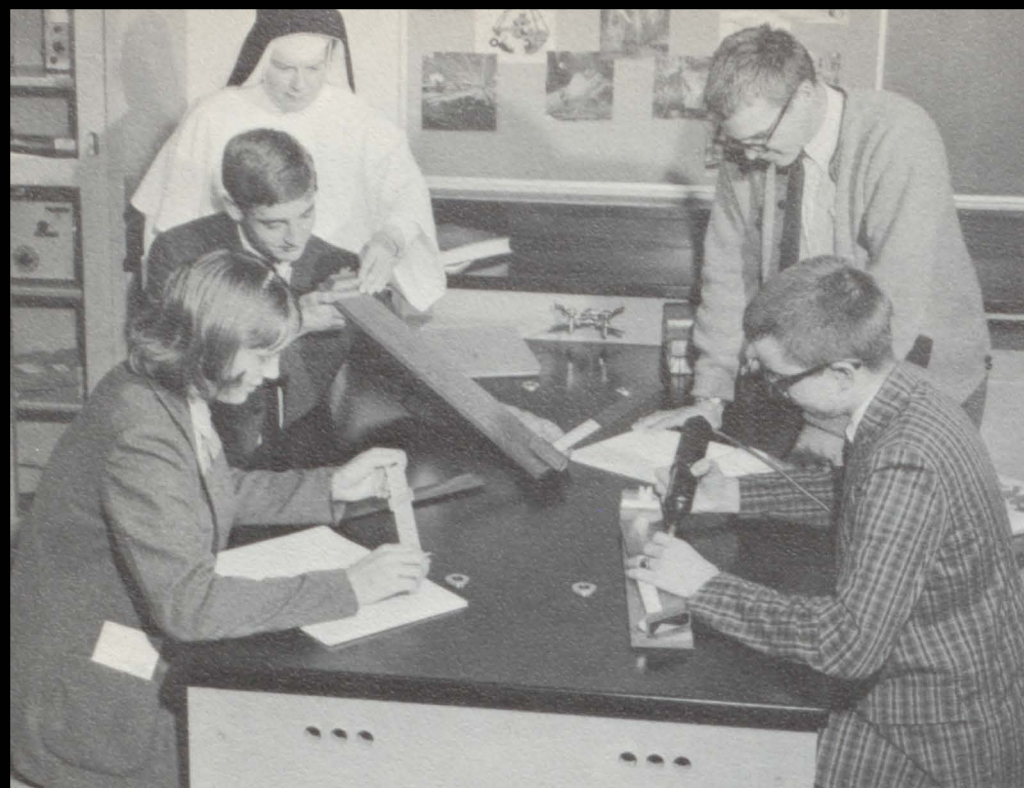

Mr. Mattson explains one of the difficult problems of Algebra I to his attentive students.

Sr. Samuel assists Bill Griffore, while Mary Leach, Jeff Alderdyce and Ed Jakubiak work separately.

Sr. Mary Norman watches Sandy Siglov Sopha.

## Striving to Gain Our Goal

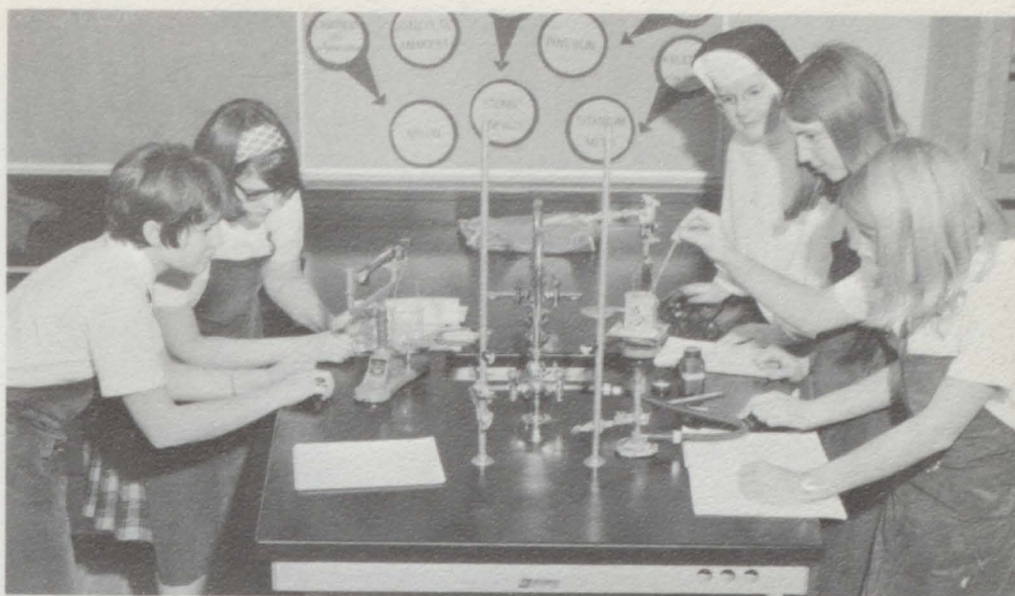

To instill in the minds of tomorrow's adults an understanding of the complex world in which we live — this is the aim of our Science Department. Throughout the year, students work patiently on research and experimentation in earth science, biology, chemistry, and physics. They learn about the earth's surface, their human existence, chemical substances, and theories of light. In both the classroom and the lab, students struggle with ideas and concepts which were composed and discovered by scientists ranging from medieval to space-age times. The highlight of the year is the annual Science fair to which students submit projects on various subjects. Through conscientious effort, the aim of our Science Department is achieved as students complete these courses with a new knowledge of the world around them.

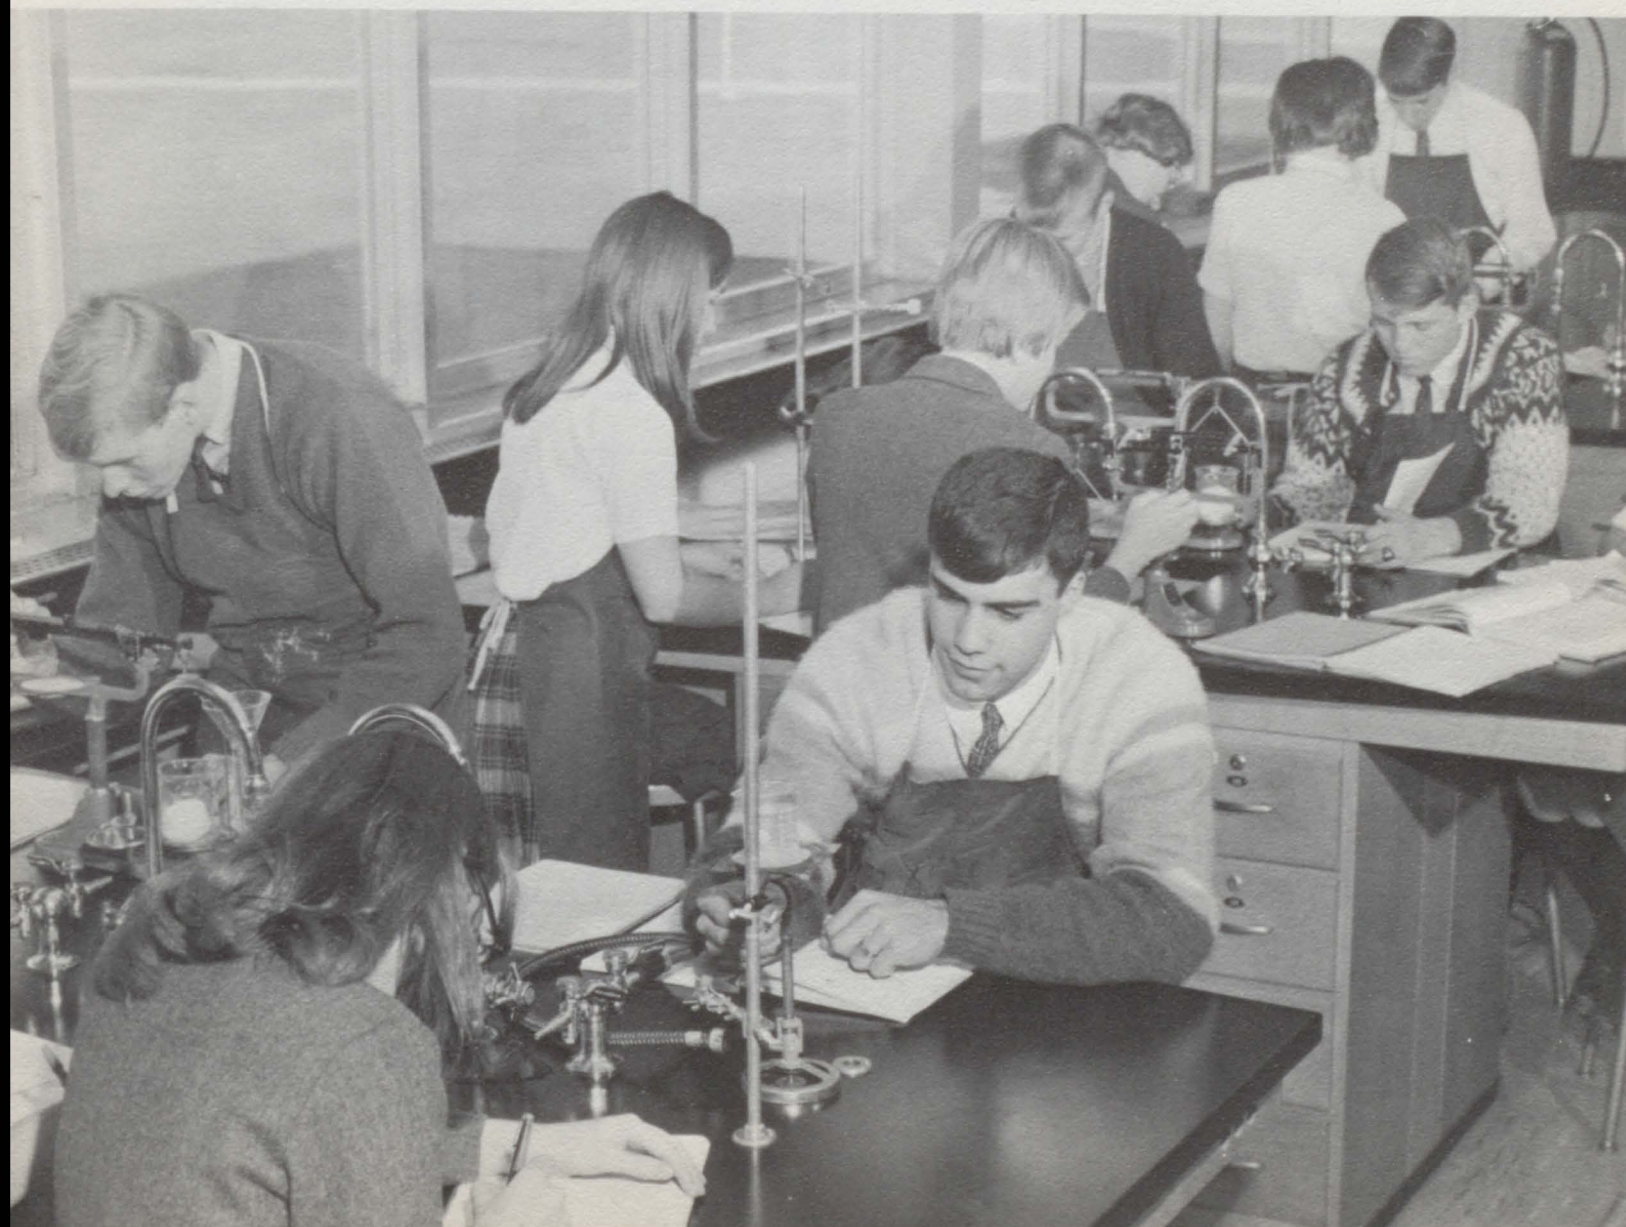

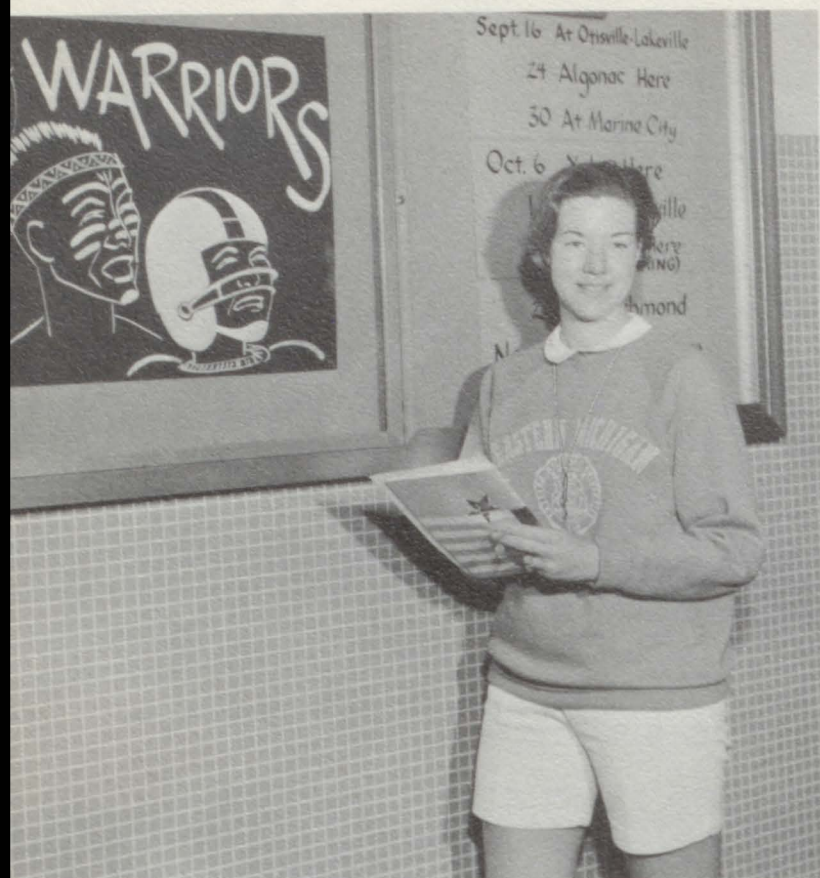

Margaret Hyde, Barb Gossman, and Elizabeth

Ardith Lemanski, Ann Ordowski, Janet Isabell and Joan Kowaiski, perform experiments while Sr. Roberta Marie observes

Mrs. Marian Hall, our girl's physical education instructor, guides and teaches the girls grace, poise, and physical skills that most of the girls enjoy. Each year the girls test their skills by competing among themselves in intramural activities including soccer, volleyball, basketball, and track.

## Phys. Ed. - To Keep Our Bodies Fit

Here we see one of Mrs. Hall's many gym classes diligently trying to master the art of volleyball. Further activities this year included a trampoline purchased by G.A.A., gymnastics, basketball, and track.

Our school recognizes the importance of physical activity and of competition in developing character and initiative in young men and women. While we feel Eton may have over emphasized the importance of school games in politics, we do feel the lessons learned by both participants and spectators help in their futures.

Mr. Irving Claseman, our athletic director, instructs the boys to build strong bodies along with strong characters to cope with the many problems of tomorrow. Each boy is given the opportunity to show good sportsmanship with his classmates.

## Industrial Arts

Drafting, Architectural Design and Shop all help boys in technical training either for college or for practical application in future job application.

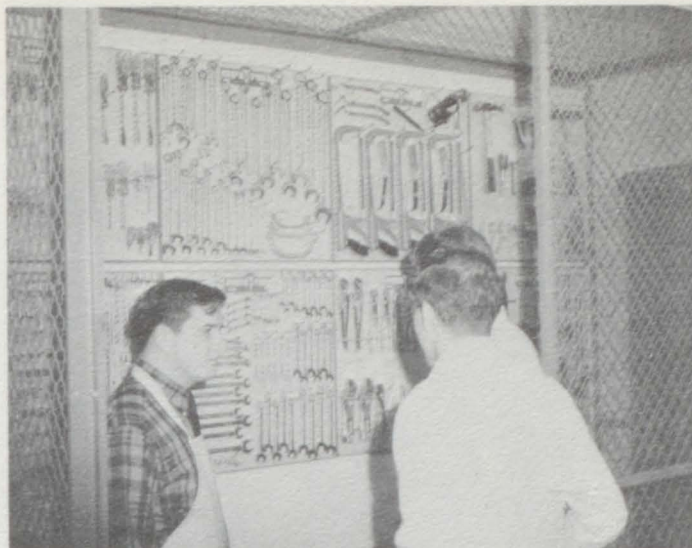

Mr. Likens, in drafting, teaches his students mastery of one aspect of commercial know-how.

Architectural Design students work on house designs and floor layouts.

Shop, or Industrial Arts, is a new offering to students this year, and is another example of how our school seeks to do the best for each student who wishes to attend. Mr. Peter Likins heads this department.

Shop, one of the newest fields at P.H.C., is directed by Mr. Likens in the quest for technical knowledge.

In Shop you really get your hands dirty, besides learning the workings of small engines.

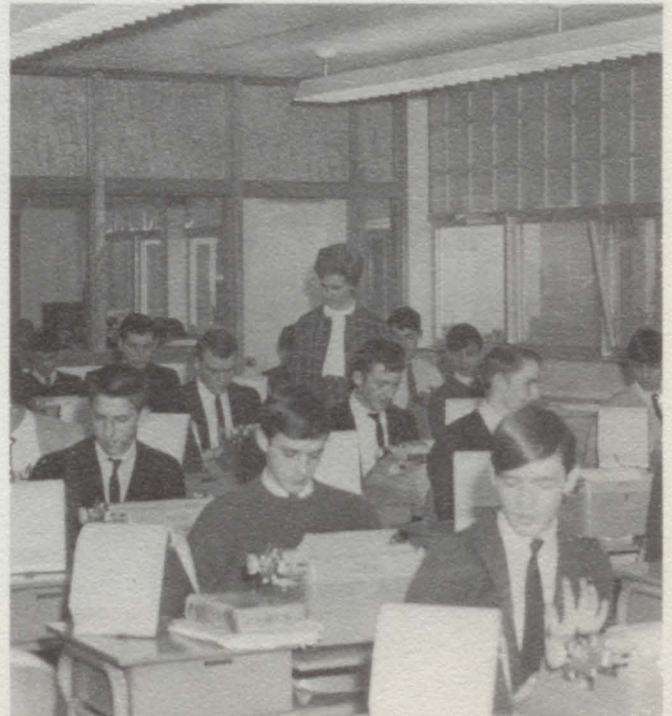

## Business

Through courses in Typing, Shorthand, Bookkeeping, and Record Keeping, students learn the valuable skills for both college planning and preparing for future jobs. Their instructors, headed by Sr. Rose Marie, D. of C., guide the students in learning techniques and accuracy in each skill.

Through good practice the girls strive for speed and accuracy.

Mrs. Ganim's Business Math class works hard during a brief study.

Mrs. Friley looks on as the boys vigorously type during a speed test.

## Home Economics

Home Economics is usually offered to the girls but this year a special Foods class was offered to the boys.

Even if you can't sew a stitch or boil water you will learn how to do these and many more things by the end of the year. If you are more advanced in either field you can take advanced classes and perfect your own techniques.

Sr. Alice Patricia looks quite pleased with the results of last years' Fashion Show as Janet O'Donnel was presented with the Betty Crocker Award.

Senior boys learn the technique of cooking.

## Studio Rosario

Studio Rosario is the title of the Art room. In here many things take shape! A big chunk of wood turns into a beautiful piece of sculptured art work, a glob of clay will turn into a nice looking pot or even some abstract form. The Art students also design and make their own jewelry as well as other things. Sketching is one thing that every student gets to try his hand at, whether it's a still-life or taking turns sketching each other.

Here Sr. James Martin puts some finishing touches on a figurine that was cast in bronze.

All eyes are on Larry Glencer. Why? Sr. James Martin's art class is using him as their model.

## Fine Arts

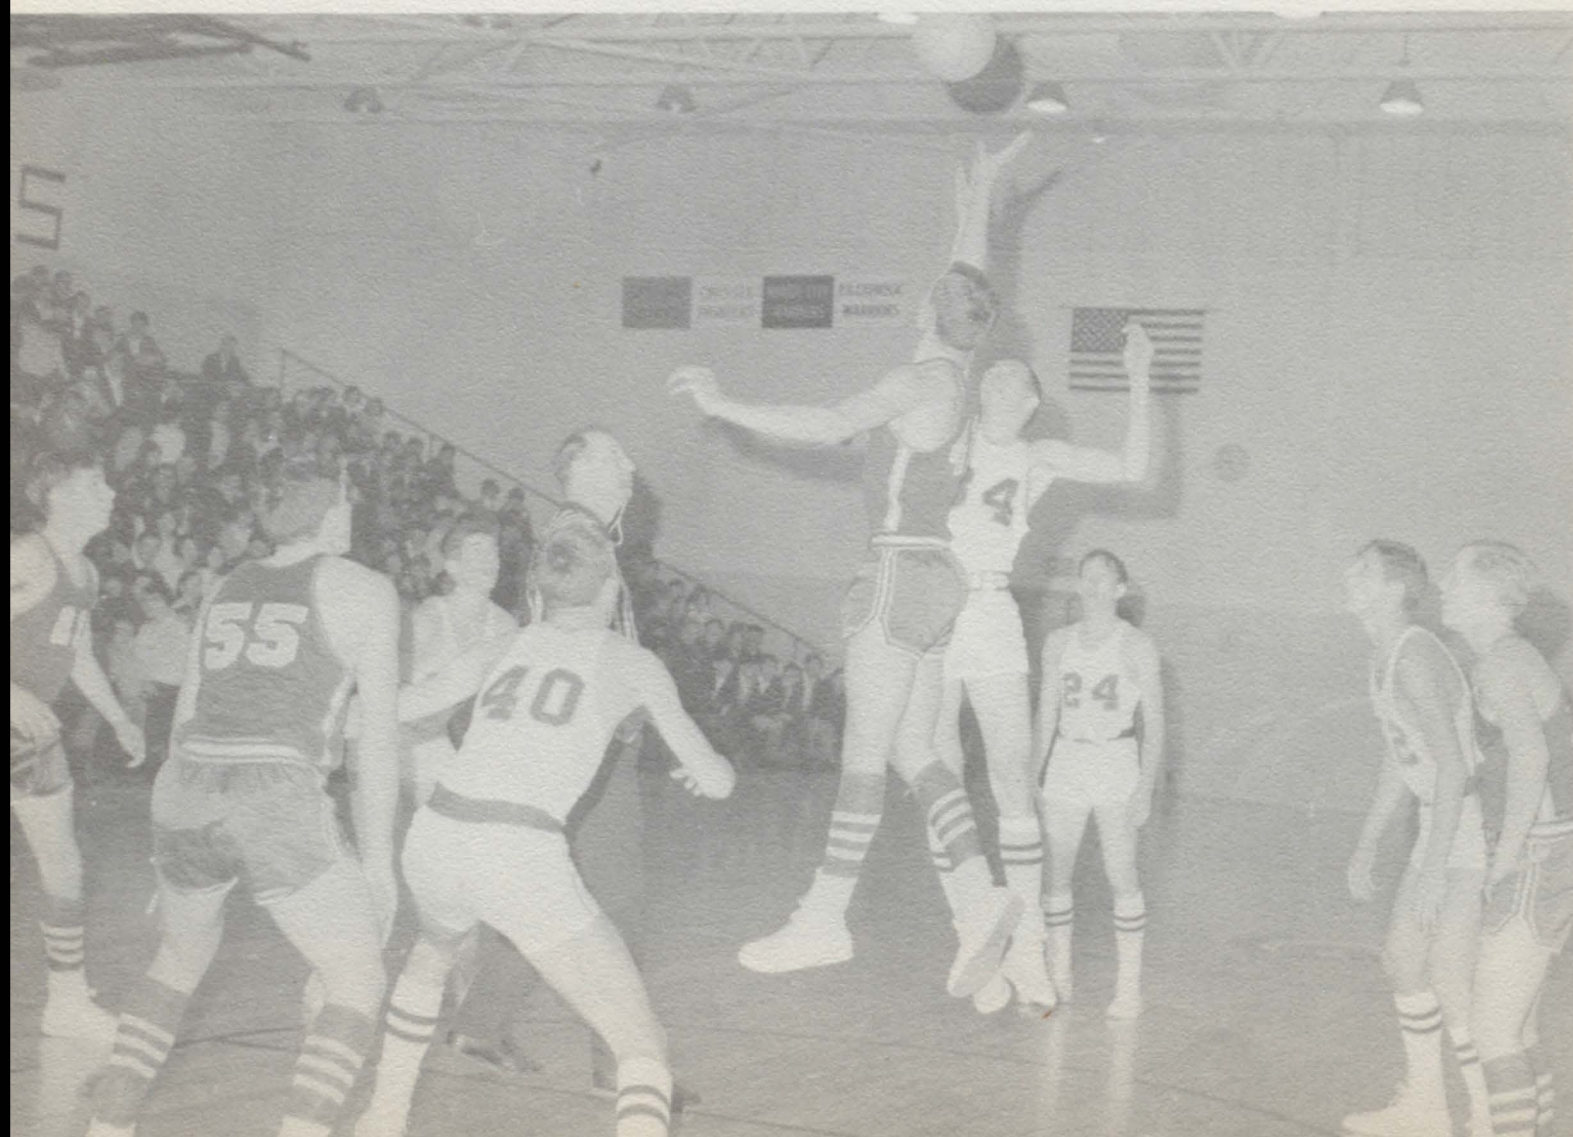

Sister Jonathon O.P. heads the Music Department which offers courses in Music Appreciation, Choral, and Warrior's Chorale. These courses not only give the student a chance to improve his voice but become aware of the beauties of music.

Sr. Jonathon records a great many things that her classes do and other things too.

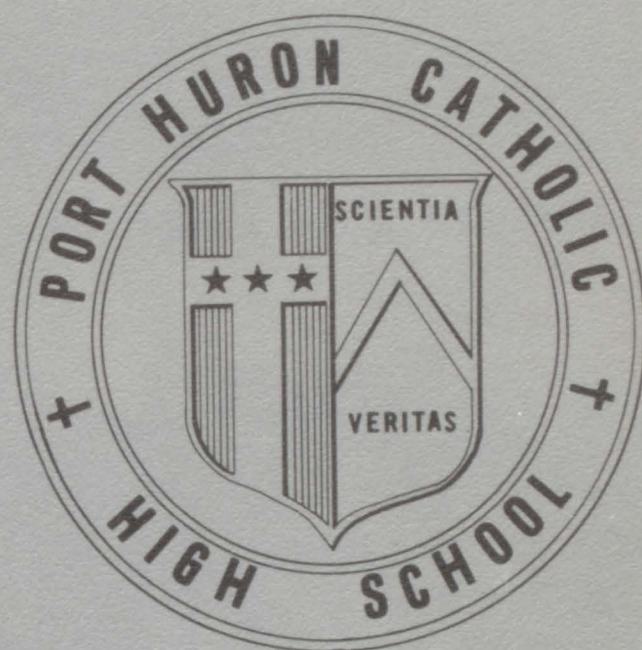

Music appreciation is fostered by Sr. Jonathan as an integral part of cultural development of interested students

## Warriors Put Together Another Fine Season

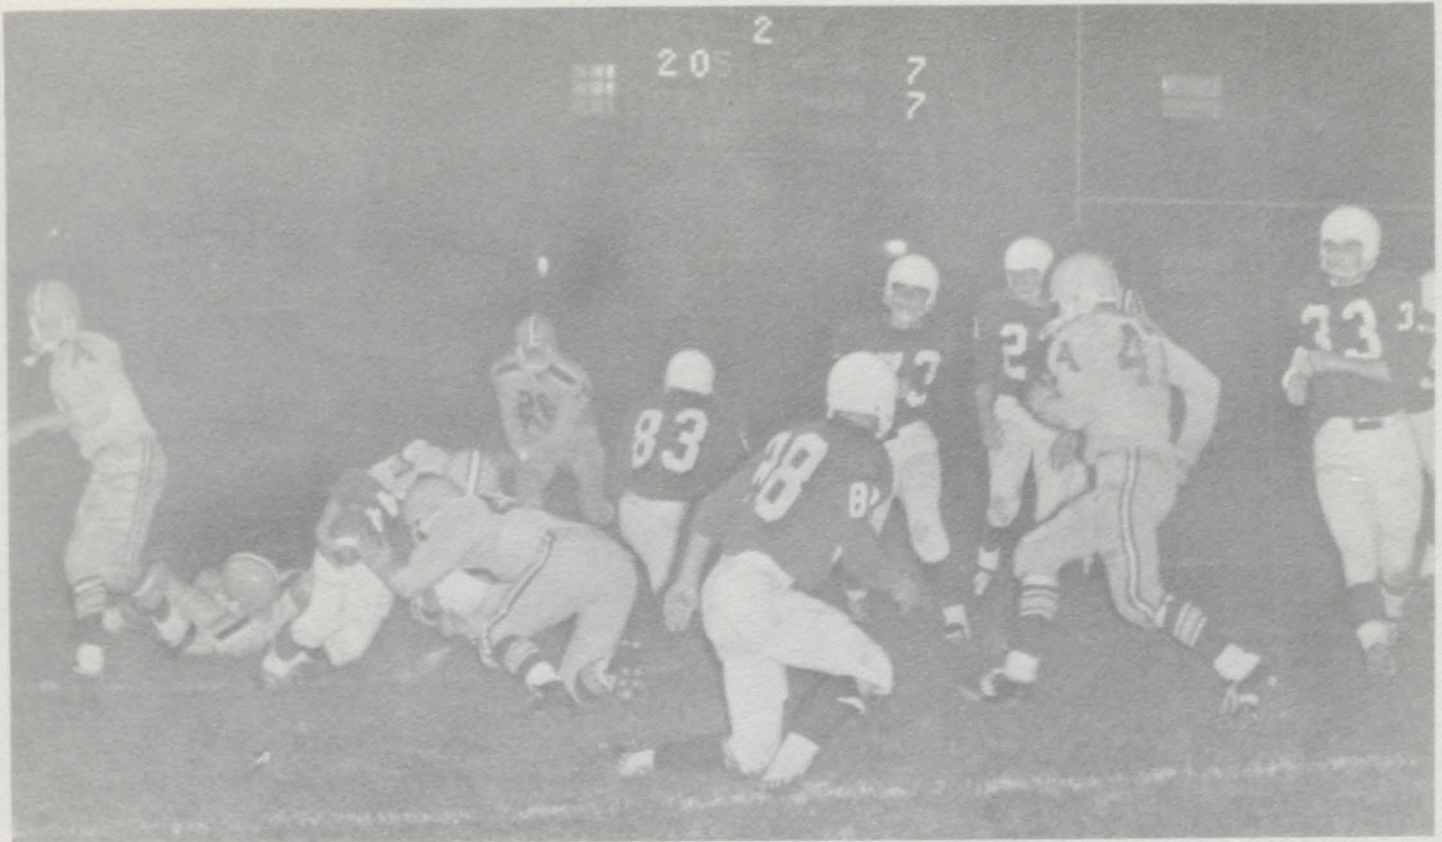

Whether the Warriors are victorious or are defeated, there is always a fighting spirit of determination of the part of the team. Under the leadership of our new coach, Al Armstrong, the Warriors tied for second place in the St. Clair Area League. Led by Co-captains Pat Mullins and Mike Friend, they won seven of nine games, losing only to Marysville and Marine City. They worked hard, both at home and on their opponent's fields, defending the high praise Port Huron Catholic's teams have won in the past. Each and every student of P.H.C. is proud to be on the Warrior's side.

Under the leadership of the new coach Tim Anthes, the Warriors basketball team completed a fine season. Part of the success of the team was due to the fine coaching and the unique ability of the players, as well as the spirit shown by the students. The team was lead by Pat Wilson, the captain, an excellent player who helped to lead Port Huron Catholic to victory. The defense was powerful in defending the basket and the offense was quick in running up the score. Never once did the team spirit, which was shown in the last two games of the season, the two most exciting games against Marysville. Every student was proud by the fine performance given by this year's Varsity team. We only hope that next year's team will do as fine a job as this year's.

Smoke Signals appears monthly, unless something happens to delay it. The school paper is an extra-curricular activity of the students involved. Over the years it has evolved into its present photo-printed form, and has enlarged its editorial scope to include school news, comments, pictures, and features. It gives the dedicated student a chance to show his journalistic talents. This year the Smoke Signals had added a Literary Supplement to which any student may submit his literary endeavors.

The A Cappella Singers are an extracurricular choral group of mixed voices, consisting of students who are especially interested in singing. They are a special performing group who have entertained at various community functions during the year.

The Kateri Singers are named for the Indian maiden, Blessed Kateri Tekawitha, whom they claim as their Warrior patron. They are singers who rehearse after school as a special performing group of treble voices. Besides being a part of the school programs, they provide part music during the First Friday Masses. Accompanist for the group is D. Stein.

# National Honor Society

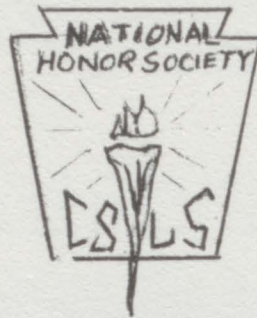

"Let the word, go forth, from this time and place, to friend and foe alike, that the torch has been passed to a new generation of Americans." (Kennedy)

Paying tribute to scholastic achievement has been man's method of promoting and encouraging excellence throughout history. By electing students to the National Honor Society, high school teachers honor the achievements already attained by the student and recognize this potential for future attainments. These students have put forth extra effort in striving for service, scholarship, and leadership. With these efforts, they have developed perhaps the most important of the four basic qualities--character.

These are the members of the new generation of Americans of whom Kennedy speaks so proudly. In America, those who have the ability to attain higher scholastic achievements are expected to continue their education.

Thus, there is one cause to which these students have pledged themselves--"I will maintain and encourage high standards of CHARACTER, SCHOLARSHIP, LEADERSHIP, and SERVICE."

"With malice toward none, with charity for all, with firmness in right; let us strive on to finish the work we have begun." (Lincoln)

# Girls Athletic Association

Girl's sports are important, and at PHC they have found their place. By playing volleyball and basketball girls have learned a lot about team spirit and sportsmanship. Under the direction of Mrs. Hall the girls varsity teams competed with other schools and among themselves, and although their object was always to win, they also found that a great deal of enjoyment comes from learning to play well, by the rule, and with a team.

Is it going to be a basket or is Nancy Crawford going to call a foul on some one?

How long can you stand on your head?

## P.H.C.'S BOWLING

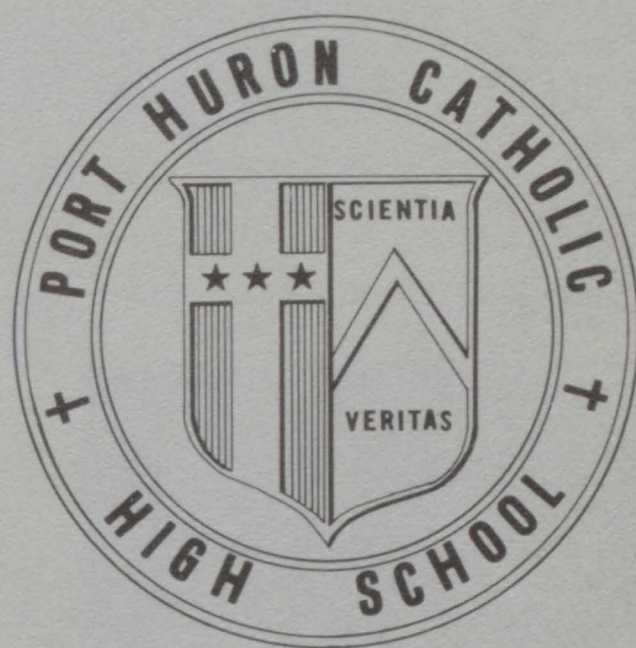

J. Grawbowski, D. Tokarski, G. Rankin, F. Schubert, D. Smith (captain), D. Chickensowski, D. Dzurnak won the trophy for the High School League in Bowling in the Port Huron area.

# HOMECOMING '66

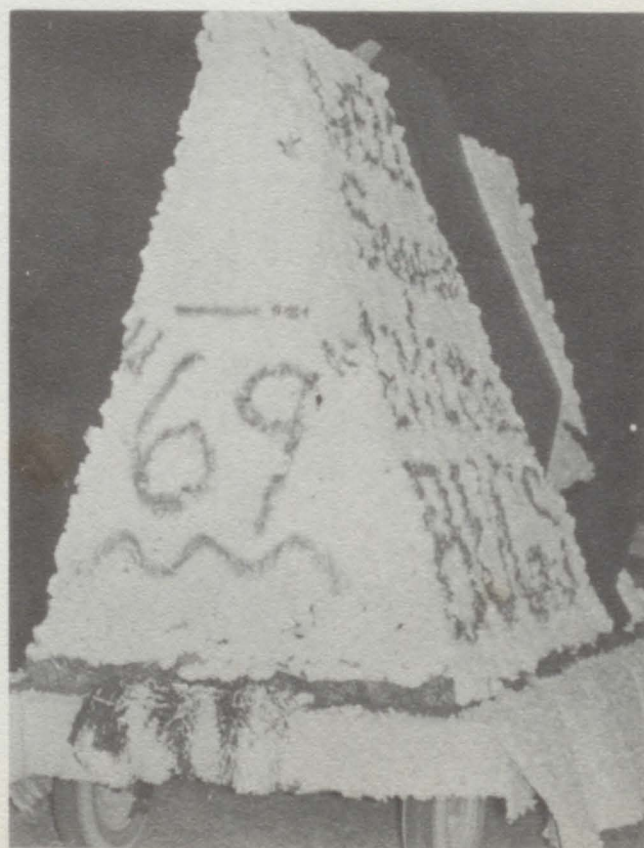

The Class of 67 demonstrates their ability and participation by their class float "Rest in Peace" which took first place.

The Junior float "Marooned by the Warriors" colorfully decorated with maroon and white flowers came in second place.

The Sophomores float "Squash 'Em Like Bugs" took third place in the judging.

"Scalp 'Em" was presented by the freshmen class and received fourth place in the judging.

Excitement filled the school as the annual Homecoming drew near. For the first time in the history of the school all four classes presented floats. For two weeks everyone was busy stealing wood and flowers from other floats. But finally Homecoming day came--floats were judged in the windy parking lot--Seniors won--the student body followed the floats on foot to Memorial Stadium and at half time Chris Devereaux was crowned queen.

Debbie Robson, a senior Homecoming candidate, waves to the crowds in the stands as Jerry Varty waits to escort her to the field.

Sr. M. Norman helps these Sophomores get ready for their "Get Acquainted Dance".

The third Annual Hootenanny sponsored by the students of PHC was termed a success. Here Sue Smith, Cindy Cooper, Mary Beth Walsh, Nancy Railean, Jane Streater, and Ann Ordowski sing out a song of friendship.

## Hootenanny

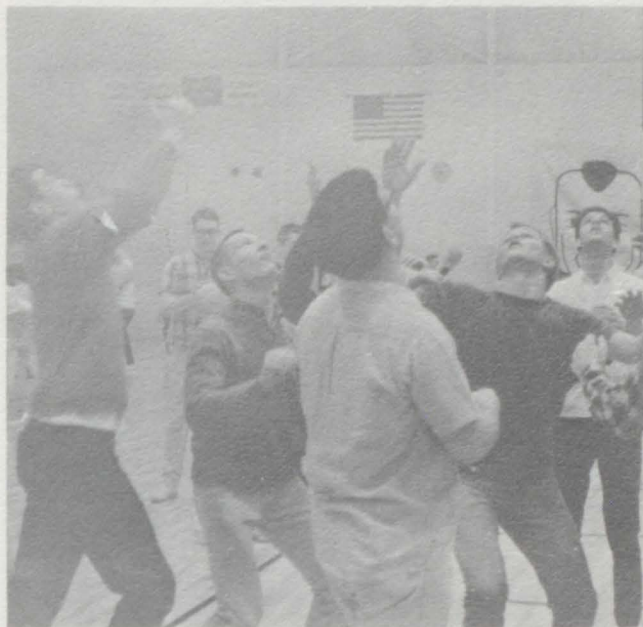

Patti Conley and Mary Helen Hanchon are accompanied by Bill Jenkins on the guitar as they sing an old favorite.

"Would you believe Marianne Faithful?" Why not Joanne Kowalski? Here Joanne sings one of the many songs that made the hootenanny a success.

**ACTIVITY NIGHTS ARE FUN,  
AS EXPRESSED BY  
THESE SENIORS!**

What's the big attraction above? These senior boys await the basketball's descent at Junior Activity Night.

This is the Senior's contribution to the sport of basketball...a new way to make a basket!

The following three girls represent the Senior Class: Deb Robson, Queen Chris Deveraux, and Jann Kubek.

The heart of Senior enthusiasm is in Mike Friend.

## Seniors Add to School Spirit

The Senior boys lend a helping hand.

Seniors work vigorously to make the deadline and come up with a winner.

Crowds filled the stands to cheer the Junior girls onto victory.

Spirit plus Enthusiasm equals Juniors

## We'll Be Great In "68"

The Junior's skill and spirit led to their victory 32-0 over the Seniors.

Bob Krafft watches the game as Leo takes a break during a tense and exciting moment.

# Senior Skit

"Goodness gracious I have so much trouble with my new strap purse", said Lee.

"Forget about your shoulder strap and put your arm down," said Mike.

Sandi, Do you like my new style haircut?

Frankly, I think you should try just a little more curl free.

Seniors win the skit award of the year with their ingenious forms of entertainment, such as the cute skit represented.

Hey Larry, do you think Mr. Anthes, my new steady boyfriend will like my new mini skirt?

Sure Tommy, you old cutie!

Peachie, How about a date for the spring dance?

Sorry Billy, not until you get a miniskirt like Tommy Walters!

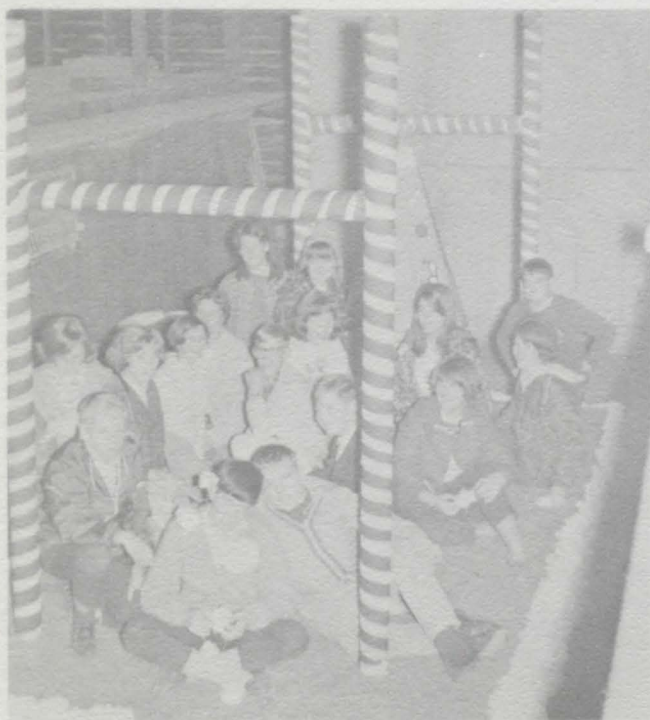

# UNDERCLASSMEN DEMONSTRATE "SCHOOL SPIRIT"

"I think it goes over here," says Nancy Noble as Clare Bleau and Karen Kramer look on.

These Sophomores really enjoy themselves during the lunch hour.

The Freshmen take a break after many hours of work on their float, "Scal Em."

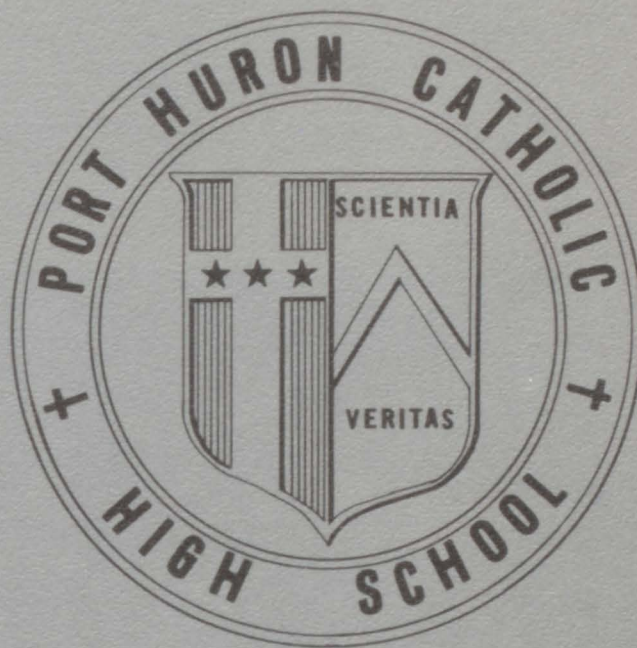

"Smile, you are on Candid Camera."

**Spectacular Events**

Tim Irwin and Carol Appel sang the leads in H.M.S. PINAFORE.

Camilla Armstrong, Alfredo Careaga, Charles Dauphinais, and Carol Appel sing "In Enterprises of Material Kind" from THE GONDOLIERS.

## Gilbert and Sullivan

We have Sister Jonathon and Sister James Martin to thank for the production of the Gilbert & Sullivan Revue. The students that took part in the show worked real hard for about three months straight with rehearsals during Easter vacation. Not only did the music students work hard but the art students put a tremendous amount of time and hard work in making the props. Anyone who saw the show will agree that it must have taken weeks of hard preparation.

THE MIKADO featured Michael Howard as Ko-Ko and Catherine Ward as Katisha.

# Powder Puff

Probably the most exciting event for the girls this year was the GIRL'S FOOTBALL GAME, in which the Seniors vied with the Juniors on gridiron. This event was organized entirely by the girls and was a financial as well as social success. The Juniors swept over the Seniors 26-0 and showed the superiority of youth over maturity.

Martha Tuer out-runs three Senior tackles to make the score 6-0.

## Girls Compete

Fr. Dougherty gives a shout as the Senior cheerleaders, Jeff Alderdyce, Dave Bleau, Dave Thomas, Bob Papinaw, and Greg Zimmer, lead the crowd in a cheer for the Senior girls team.

# Football

Don't feel so bad Cathy, just because the Senior Team didn't see the "Goal Post".

Carol Schroder is "attacked" by two Junior tacklers while trying to make a first down.

## in Football

Patty O'Connor carries the ball for the Junior's twelfth first down.

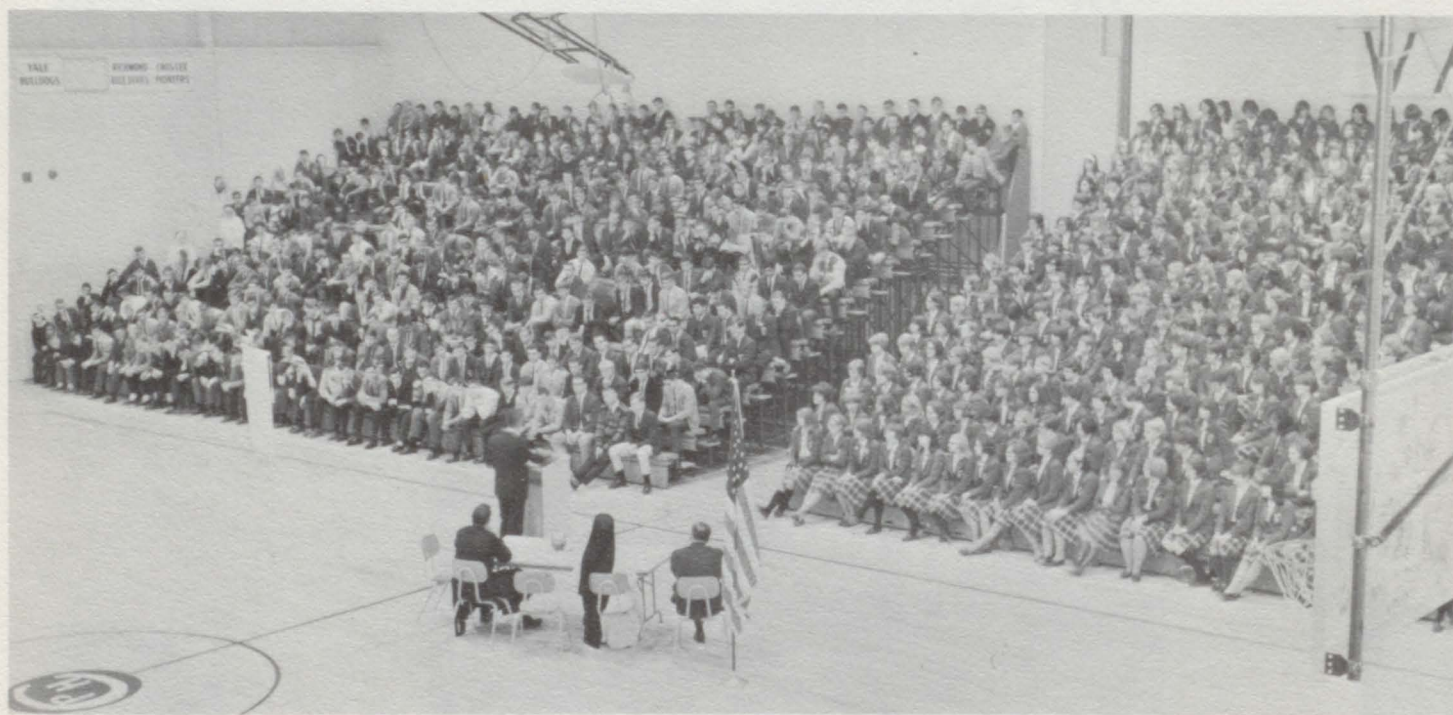

# Attorney-General

Frank J. Kelly

Pays P.H.C. a

Special Visit

Attorney-General Frank J. Kelly honored Port Huron Catholic's students with a talk at an assembly. It was an unusual and stimulating experience for both faculty and students.

Mrs. McDonald and guest speakers Mr. Chester Aubuchon and Mr. Phila McIntyre address the college bound seniors about the advantages offered at Port Huron Junior College.

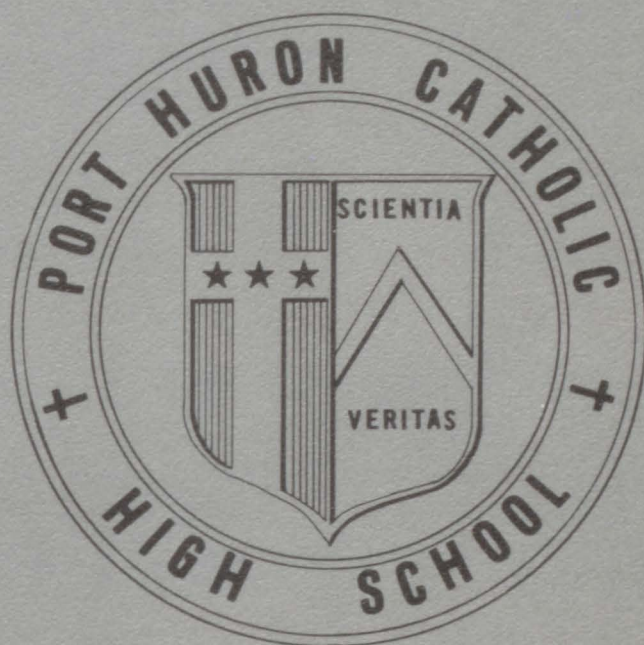

Father Blinstrub and Sister Willard accompanied by Mayor Wismer honor Attorney-General Kelly as the highest elected official to speak to the student body.

it's like**

The many young people at Michigan Bell join in congratulating the members of the graduating class. They know what it's like to work hard for a diploma, and get one.

They know, too, what it's like to want a rewarding job with a future, and *find* one. If you think you might like to join them, either now or after college, do stop by to see us. We'll be happy to discuss the wide variety of career opportunities in the exciting field of telephone communications.
